Enjoy Snowdonia with your dog

Canine & Co. How to enjoy Snowdonia with your dog!
DOG OUTFITTERS
-EST. 2011-

Keep within the fitness and abilities of your dog - all dogs are not born equal!

Follow the country code
Respect, protect and
enjoy!

You'll need a lead and collar or harness to keep control. Make sure you have the name tag!

Take water you know you can trust and a throw toy. River, pond or puddle water can poison and sticks can injure!

Keep your dog in sight when free roaming and make sure he is tagged in case you lose him!

Ok - It's Snowdonia - so it's going to rain and the winds going to blow! Be prepared!

Dog mess - Bag & Bin it or Tick & Flick.

Those ticks and bugs will bite and hold on tight. Protect against Lymes disease and the likes

Swimming in the Lynns and rivers is good but please remember - a dog can quickly tire with weight of wet fur. Use a swim vest

A towel which can double up as a cool vest on a hot day is handy!

The outdoor elements and terrain can leave their mark!

A skin and paw pamper will get that tail wagging again!

A jumper or T-Shirt is good at the end of the day, in the cool of the evening

Ever heard a lion bark? Nothing wrong having fun with fancy dress!

Check out Canine & Co's web site for information and outdoor clothing and accessories so you can be safe and enjoy North Snowdonia.
